CHAMPIONING LOUISVILLE VALUES

A Louisville City Council representative that will support your ideas, fight for your priorities, and earn your respect.

SUSTAINABLE LIVING

The unmistakable impacts of climate change can no longer be ignored. We are seeing this on a global, national, and local scale. Louisville should be a leader in all aspects of sustainable living....

From government processes and infrastructure, to retail and commercial spaces, to our schools and homes.

I will fight to make Louisville a beacon for what is possible while helping make our little corner of the world a better place for generations to come.

THRIVING INCLUSIVE COMMUNITY

Louisville is a great place to live, work, and play. To keep it this way, we need to maintain our small-town character and feel while prioritizing:

- Parks and open spaces
- Infrastructure that works for all of us.
- Support for the arts, entertainment, innovation, and entrepreneurs.
- Retail that meets community needs and provides a strong sales tax base.
- Inclusive support of all community members regardless of age, race, religion, ability or disability, gender identity, orientation, or family status.

I believe our City Council and professional staff – driven by community values - should strive to create the highest vision of what our community can be.

SAFETY, HEALTH, AND WELL BEING

Let's make sure Louisville continues to be one of the best places in the state and the nation to raise a family, be a young professional, or retire with security and dignity. This means:

- Safe routes to school and expanded pedestrian and bike access.
- Minimizing greenhouse emissions.
- Quiet and peaceful skies and neighborhoods.
- Maintaining and expanding community, recreational, senior, and special needs services and facilities.

I am committed to approaching these issues, and all the challenges we face, with honesty, integrity, innovation, and compassion.

Representing Your Vision and Values

Community First

- Sustainability and thoughtful, well managed green development.
- Economic vitality via reimagining vacant and underutilized retail and commercial development.
- Fiscal accountability and responsibility.
- Safe routes to school and community accessibility.
- Minimizing greenhouse emissions.
- Quiet and peaceful skies & neighborhoods.
- Maintaining and expanding recreational and open spaces.
- Inclusive and affordable housing and community services. .
- Maintain small-town character as we build a bright, sustainable, and inclusive future.

Bold 21st Century Leadership

It is not enough to *believe in* sustainable development, affordable and accessible housing, retail revitalization, or providing safe routes to school. Louisville needs ***bold leadership*** that will *take action that puts our community first.* Leaders willing to use all municipal levers of power to preserve the historic character of our community while advancing and protecting its future. ***This is where I believe the City Council has fallen short and where I can make a real difference.***

- **Proven Leader. Innovative and Collaborative Problem Solver.**
 - Technology executive and strategist specializing in building collaborative teams that creatively solve intractable problems.
 - Recognized Industry thought leader on technology market evolution, strategy, and business development.
- **Skilled Entrepreneur with Strong Values and Work Ethic.**
